Professional Portfolio

SUMMARY

Computer Science graduate from BINUS University with an interest in UI/UX design and front-end web development. I enjoy turning ideas into functional and user-friendly digital experiences, from designing wireframes and prototypes in Figma to developing responsive web applications. I have experience working with HTML, CSS, JavaScript, React, Python, and Java. I enjoy solving problems, learning new technologies, and working with others to build useful digital products. I am looking for opportunities as a UI/UX Designer, Front-End Developer, or Web Developer where I can apply my skills and continue to grow.

EDUCATION

BINUS University | Jakarta, Indonesia
